ACCESS COMMUNITY THERAPISTS PRESENTS
**WHEELCHAIR SEATING AND POSITIONING:
PRACTICAL APPLICATIONS**

This hands-on intensive workshop, presented by Lindsay Alford BSc OT and Danielle Rae MOT, is designed for occupational therapists and physiotherapists with beginner to intermediate seating skills who work with adolescent and adult clients in any setting. This workshop follows the seating process from assessment through to completion of a wheelchair seating system for an actual client participant with vendor involvement.

After completion of this two-day workshop attendees will understand the principles of seating and the roles of the client, therapist, and vendor/technician, be able to perform a complete seating assessment including the supine mat assessment and sitting simulation, identify targeted outcomes of seating and product parameters for equipment trials, and follow-up on targeted outcomes to determine success of the seating intervention.

DATES

Monday June 3, 2024 – 8:00am - 5:00pm *and*
Tuesday June 4, 2024 – 8:00am - 4:30pm
